### RE: DMCA COMPLAINT

Dear Mr. Sullivan:

Your customer, Airon Corporation, is infringing copyrights held by our client, Pacific Information Resources, Inc. This letter serves as notice of infringement complying with the Digital Millennium Copyright Act, 17 U.S.C. § 512(c)(3). We request that you promptly disable public access to this material as required under 17 U.S.C. § 512(c)(1)(C).

Pacific Information Systems operates [www.searchsystems.net](http://www.searchsystems.net), a directory of public records databases. This work was published on **October 5, 2005** and registered on **January 9, 2006**.

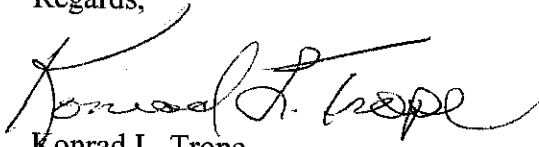

Based on research we've conducted from **November 1, 2005** to present, Airon has copied extensively from our client's site to create [www.cisworldwide.com](http://www.cisworldwide.com), which is hosted on your network. Attached is a table showing representative examples of infringing activity. Because the infringements are pervasive, **we request that you disable [www.cisworldwide.com](http://www.cisworldwide.com) in its entirety.**

We have a good faith belief that Airon's use of this material is not authorized by the copyright owner, any agent of the owner, or the law.

Furthermore, Airon is currently a defendant in a complaint filed by Pacific Information Resources in U.S. district court in San Jose, CA. The complaint is included with this letter, to show that we are taking Airon's infringements very seriously, and so should you.

Under penalty of perjury, I confirm that the information in this notification is accurate. As counsel in this action, I am authorized to act on behalf of Pacific Information Resources. You may contact me at the address or phone number above, or by email ([ktrope@novolaw.com](mailto:ktrope@novolaw.com)). Thank you in advance for your cooperation.

Regards,
